Sanyo Trading Co., Ltd. appointed distributor of ProCellics™, a RESOLUTION Spectra Systems product, in Japan

Grenoble, FRANCE, September 17, 2019 – RESOLUTION Spectra Systems, a global leader in advanced optical spectroscopy with solutions dedicated to bioprocess Raman monitoring & laser characterization, announces that it has appointed Sanyo Trading Co., Ltd. as its distributor for ProCellics™ bioprocess Raman analyzer in Japan. Sanyo Trading Co., Ltd. will be responsible for sales and customer support of ProCellics™ throughout Japan from its Tokyo headquarters and branches in Nagoya, Osaka and Hiroshima.

RESOLUTION Spectra Systems has selected Sanyo Trading Co., Ltd. to help increase promotion and sales of ProCellics™ in Japan and to offer the highest level of customer support and service thanks to a dedicated and experienced staff.

About RESOLUTION Spectra Systems

RESOLUTION Spectra Systems (www.resolutionspectra.com) is a French company established in 2011 to develop an offer based on SWIFTS™ technology and advanced optical spectroscopy. Its founders are senior engineers, business managers and research scientists from high-technology companies and research laboratories from the Grenoble area in France. The company is also based in Meylan near Grenoble, one of Europe's leading high-technology centers.

Its flagship product ProCellics™ is the first GMP Bioprocess Raman Analyzer for the biopharmaceutical industry fully dedicated to in-line monitoring of the critical parameters and quality attributes in real-time, in order to maintain an optimal development of cultures in bioreactors and to better control downstream processes.

About Sanyo Trading

Based on a sound, progressive and entrepreneurial spirit, since its foundation in 1947, Sanyo Trading Co. Ltd has contributed for more than 70 years to improving people's living standards and to developing industry, both in Japan and abroad, thanks to the import and marketing of a variety of superior quality raw materials, machinery and instruments in the Japanese industry.

Sanyo Trading group is currently organized in five business groups: Rubber, Chemicals, Machinery & Environmental Business, Industrial Products and Scientific Instruments, and its subsidiaries, both in Japan and abroad, provide products adapted to the needs of the market, receiving high marks from their customers.
