EXHIBITORS

Welcome to the French revolution!

17-21 OCT 2021
DUBAI WORLD TRADE CENTRE

The French Tech at the Forefront of GITEX 2021

As businesses look to rebound from the Covid 19 pandemic, GITEX FUTURE STARS (GFS), as part of GITEX 2021, brings together the best of the global tech community to fuel the next generation of startups.

With the help of Business France, La French Tech and the Auvergne-Rhône Alpes Region (France), International Boost has been instrumental in creating a new innovation-driven movement at GITEX. Our mission is to allow French startups to grow, scale and shine in the Gulf region and beyond. As a result, France is now the second largest country represented at GITEX Future Stars, showcasing cutting edge innovation and technology.

We are proud to promote our 40 exhibitors in this guide. Technologies delivered and presented by our startups include: Artificial Intelligence, 5G, Blockchain, Cybersecurity, Future Mobility, Healthcare, Immersive Tech, Software, Smart Cities, Smart Home, and much more...

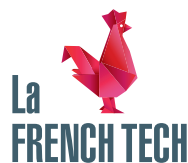

We are happy to invite you to visit each and every booth presenting the latest and greatest from French innovators. Explore and enjoy the best technologies from our beautiful and creative country, while connecting with our startups. Welcome to the French Pavilion!

Christian Pineau,
President, International Boost

About International Boost

International Boost provides marketing, sales and strategic consulting services to technology companies launching new international activities. We also help them maximize their return on investment while participating in the two largest Tech trade shows in the world: CES (Las Vegas) and GITEX (Dubai).

About “La French Tech”

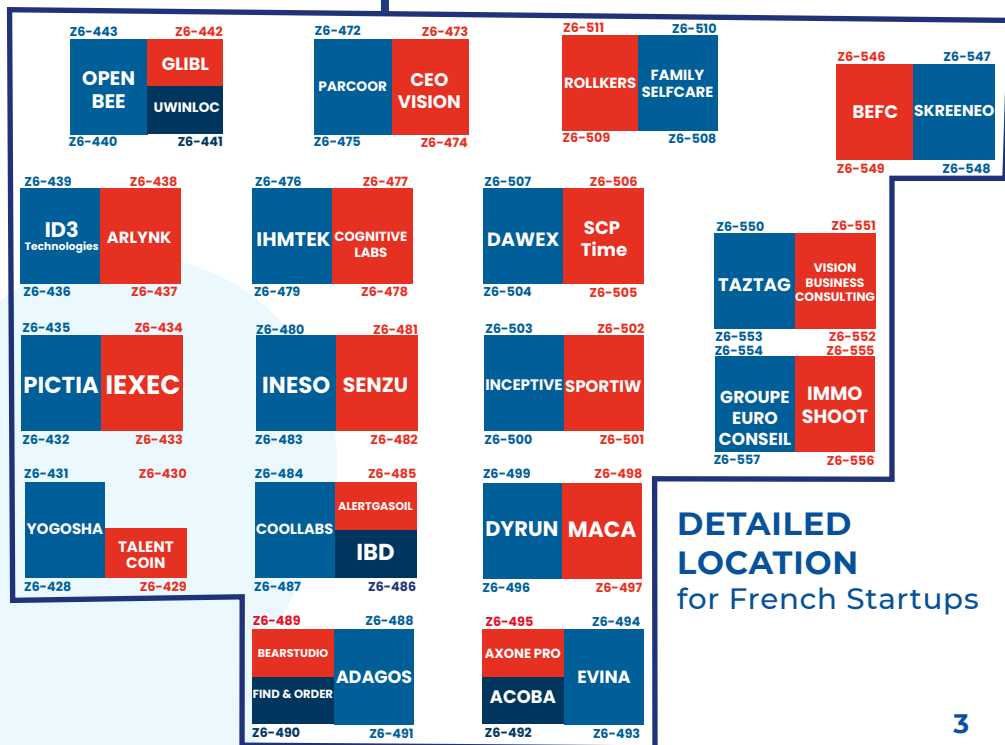

“La French Tech” is the startup scene in France. It’s a unique movement bringing together startups, investors, policymakers and community builders. La French Tech’s mission is to make France one of the greatest places in the world to launch and grow global companies.
